

Empowerment through procurement

Glorificar Trading

SEPTEMBER 2024

Our approach

Supporting our preferential procurement strategy and Mining Charter requirements, Harmony's enterprise and supplier development framework aims to achieve meaningful transformation of our host communities by integrating local black owned businesses into our supply chain.

We believe that partnerships drive operational excellence and meaningful community impact. Our commitment to supporting local businesses through procurement has led to remarkable stories of growth, innovation, and community development.

Glorificar Trading

Glorificar Trading is a 100% black-owned company based in Welkom within the Matjhabeng Municipality. Established in 2016, the company specialises in logistics and transportation, and also offers rehabilitation, demolition and plant hire services.

The company's vision is "To be renowned for integrity and the ability to deliver."

We have supported Glorificar Trading by providing assistance with procurement readiness, a gap analysis, vendor application processes and mentorship.

Glorificar Trading has achieved a number of key milestones, including:

- **2018:** Awarded a contract for personnel transportation at Joel Mine, valued at around R6 million.
- **2021:** Secured a seven-month contract for the transportation of contaminated material to Target Plant for AMF valued at around R3 million and was awarded a six-month contract for the shaping of rock dumps and small rock piles into one rock dump for AMF, valued at around R2 million.
- **2022:** Benefited from the Cross-Functional OEM Transformation Strategy and partnered with Videx for the transportation of steel equipment from Videx operations to all Harmony and other Videx clients.
- **2024:** Awarded a mega bus contract for the transportation of Joel Mine employees, estimated at around R182 million.

Harmony's support has enabled Glorificar Trading to create 27 permanent job opportunities, including three positions held by women.
